

Powder Coating

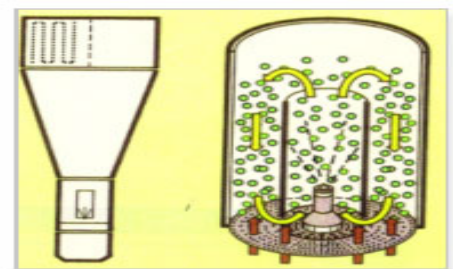

Shiny CVD Powder

- > Uniformly Surface Coating
- > Fine Powder Dispersion by Air
- > CVD Coating System
- > Water Solvent Coating System

FEATURE

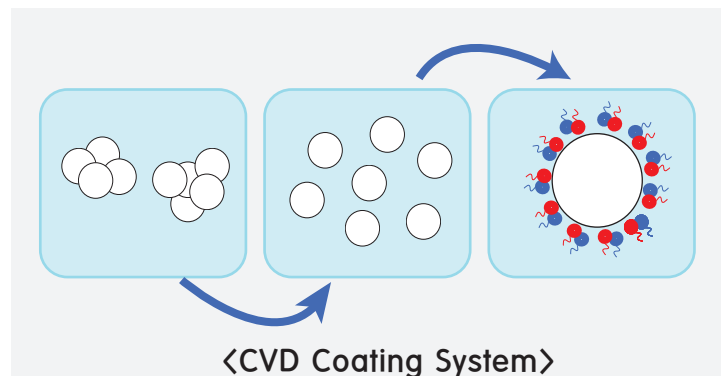

Less agglomeration
Uniform powder coating system
Enhanced hydrophobic property

Fluid Bed(CVD)

BENEFIT

Silky & smooth feeling
Excellent adhesion to skin
Less discoloration
by sebum and water

PRODUCT LIST

Product	Composition	Particle Size	Properties
Shiny CVD Powder	Fluorophlogopite, Alkyl silane, Dimethicone	6 μ m	Shiny
Creamy melting Powder	Sericite, Aloe butter Coconut butter	10 μ m	Moisture
MS Titan CR50	TiO ₂ , Mg-stearate	0.25 μ m	Adhesion
